

# We want to be the ultimate choice for your business solutions...

## A Single Source for Your Networking Needs

As an AT&T Solution Provider, we are independent, value-added network consultants who are trained and authorized to sell AT&T's world-class business communications services.

We realize the value of your time as well as the trust you give us, as we identify communication requirements most suited for you. Satisfaction is the goal and we want to make sure that we address and accommodate all of your networking needs.

## Concentrate On Your Customers – And We'll Concentrate On You

We're dedicated to finding you the most cost-effective solution that is best for your business. AT&T's rich portfolio of product and services helps us deliver the most complete, secure and reliable networks and solutions.

## The AT&T Solution Provider Advantage

In addition to our networking knowledge and experience, we have access to continuous best-in-class sales support and educational training in key AT&T services, including MIS, IP/VPN, Frame Relay, ATM, Mobility, Hosting, Voice, Data and Local Services. When you purchase AT&T services from an AT&T Solution Provider, you will be an AT&T customer and receive AT&T network management, customer care and billing. In addition to a broad knowledge base, as a Solution Provider, we provide a personalized level of service that is often missing in these days of automated customer service and online ordering. We strive to get to know you and your business; this enables us to tailor solutions to your exact requirements. We offer customization at its very best!

## Let Us Deliver

The reliability and performance of AT&T's service offerings combined with the expertise and support of an AT&T Solution Provider represents a powerful communications resource for large and small businesses alike.

Don't you want the most optimal solutions that will enable your long-term business success?
